## Zaffuto Strikes Back

A Satire News Story By Lyssa

After being left out of yesterday's Sci-Tech Times recap, Joe Zaffuto swears to have his revenge on all three of the 6points Sci-Tech Academies. "It is just unacceptable!" says Zaffuto "I was the brains behind Devon-X! I should have been included! I'll show you all!" Immediately after saying that, Zaffuto grabbed the remote that controls Devon-X and turned off his fire suppression system. "Now Byfield will have nothing preventing it from burning down! MWAHAHAHAHAHA!!!" Zaffuto then went on to say "you know, this is all the Sci-Tech Times' fault. I wouldn't have done this if you had just remembered to put me in the recap, and those spelling and grammar mistakes. OH MY GOSH DON'T GET ME STARTED ON THOSE MISTAKES!!!! I mean, what kind of newspaper are you?" We here at the Sci-Tech Times sincerely apologize for the damage we have caused, and would like to remind our readers that since Devon-X will no longer be protected us, Only you can prevent Byfield from burning down.
