Scottish Josh For Congress?

A Satire News Story By Ezra

In a stunning political twist, Scottish Josh has decided to run for Congress pursuing the seat for Massachusetts's 5th congressional district. Being that all of the international staff were lost at sea for the three months before camp, as a candidate for the Pirate Party, his central platform is on maritime safety. He is also pushing to require all Americans to talk in a Scottish accent, as well as to require that everyone carries at least four pairs of sunglasses on them at one time. He has also denounced Chris Lamothe and his presidential campaign, and he promised to push for his impeachment should they both be elected. This feud between the two political candidates is nothing new. We believe that the dispute started ten years ago when Lamothe tried to start a rumor that Josh is a vampire. Josh has denied all allegations, although he continues to turn down the 'Gov's garlic bread. The Sci-tech Times will continue its investigation.
