## There Is A Vampire At Sci-Tech

A Satire News Story By Bradley

In a shocking turn of events, it turns out that Josh Cowan is a vampire. We think this is because he wears four pairs of sunglasses to protect himself from the sun. Plans have been found in Josh's room to sabotage the Sun Song. Being that the sun gets stronger every time we sing it, he plans to do this by hiding Jon and Sarah's guitars so that we can never sing the song ever again. It was also found that Josh plans to stop Devon-X so he can burn Byfield down to the ground. No one knows why Josh is planning on burning Byfield to the ground, but this most definitely negatively affect his run for congress. Devon-X is very angry about this plan and vows to make sure this never happens. Devon-X says, "Josh taking away my fire suppression system away is like me taking away Josh's four pairs of sunglasses!". One thing is for sure: the rumors are true. Josh is, in fact, a vampire. Chris Lamothe has gone on record saying that he will make sure that Josh never makes it to congress. We here at the Sci-Tech Times cannot weigh in on this political matter. Our official stance is neutral in the Chris vs. Josh political debacle.
